Boycott Burger King—Gave Jackson $450 Million!

The Thunderbolt

Voice Of The White American Worker

ISSUE NO. 288 MAY, 1983

Burger King Surrenders To Jesse Jackson

Chicago's Rev. Jesse Jackson travels the nation threatening White owned corporations with boycott BLACK-mail unless they give millions of dollars to the negro community. The daily press plays down Jackson's success. The Atlanta Newspapers and many others did not carry one word in print about the Burger King surrender. What all this means is that over a two year period since Jackson began this program a total of $545 million has been taken out of White people's pockets and White workers lost 25,300 jobs.

Jackson goes right to the top White business leaders and threatens them with a nation-wide boycott unless they agree to his demands which cost millions. On this page we produce a list of all the firms that have thus far surrendered. The only way to respond is for WHITE PEOPLE TO BOYCOTT ALL OF THESE PRODUCTS!

Remember, White people work hard to become a supplier, franchise owner or a decent honest worker for these companies. "Barron's" financial journal states that the Jackson agreements injure "meritorious Whites" whose supply business will be taken from them and given to blacks (who in many cases have been set up in business by the very companies which capitulated to Jackson's outrageous demands).

Atlanta's popular columnist Lewis Grizzard objected to the sell-out by the super rich Coca-Cola Co., by writing: *"People who work their tails off for a living, building and maintaining their businesses, see Jackson's move as a direct threat to them. Who will be next? They resent the fact that one man can snap his fingers and a giant company like Coca-Cola will go to its knees!"*

Companies Which Give In To Jesse Jackson

Coca-Cola agreed to a $34 million package with Jackson to avoid a negro boycott. This is the outline of what Jackson extracted from Coca-Cola.

1) Coke would loan blacks $1.8 million to buy or establish 32 Coke distributorships. (NOTE: Coke has never loaned any White people money for such purposes).

2) Coke is spending $8 million with black advertising agencies with $2 million going to black publications and "soul music" radio stations.

3) Coke will deposit $2 million in black owned banks and borrow from said banks.

4) Coke agreed to hire a negro on its board of directors along with 200 black supervisors and 100 blue collar workers.

5) Coke agreed to spend $14 million for supplies from black firms.

Seven-Up Followed Coke's Desertion

It must be remembered that many of these companies are headed by Liberal heads. Robert Woodruff of Coca-Cola has given millions of his family's estate to negro causes "to atone for the injustices accorded these poor down-trodden people by our ancestors." Of course the average man on the street knows that the Negroes in America are 1,000 times better off than their kinsmen in Africa. There they have no welfare, food stamps, public housing, free medical care, etc., etc. Still Edward Frantel (Jew) president of 7-Up and Diet 7-Up followed in Woodruff's footsteps and happily gave in to Jackson's demands. Seven-Up agreed to the following agreement worth $61 million to blacks:

- $2.5 million to be spent with black travel agents.
- $5 million worth of insurance to be purchased from black companies.
- $15 million to be deposited in black banks along with 15% of all future deposits.
- $250,000 in donations to black colleges.
- $4.3 million in ads to negro publications and "soul music" radio stations.
- 7-Up agrees to spend 15% of all public relations money with black advertising firms.
- Appointment of a Negro to 7-Up Board of Directors.
- HIRING NEGROES TO INSURE THE IMPLEMENTATION OF THIS AGREEMENT!
- Insuring that at least 15% of all employees are colored (while blacks make up only 12% of the population). Also agreed to use black employment agencies to hire these negroes, it should be noted that in order to comply with these programs many unqualified blacks must be hired and many qualified Whites will not obtain jobs. We are being discriminated against because of the color of our skin.

"Gandhi" Subverts U.S.

What They Didn't Tell You About Gandhi

The people of India enjoyed a standard of living far higher than today when they were under British rule. Mahatma Gandhi gained independence for the people of India through his "passive disobedience" which brought the operation of this British colony to a standstill. The truth is that it was not in the nature of the British to trample under people who would not defend themselves. Thus they finally granted India independence. When the British left so did their system of law and order. Thus India's Hindus and Moslems fought a fratricidal war that left hundreds of thousands on both sides slaughtered. When Gandhi died, he felt himself a failure because of this wholesale killing. TODAY "TRENDY LIBERALS" SAY AMERICA SHOULD FOLLOW GANDHI'S "NON-VIOLENCE" APPROACH AND ALLOW THE COMMUNISTS TO SEIZE EL SALVADOR AND ALL OF CENTRAL AMERICA.

The movie *Gandhi* was one-third financed by the government of India. It is being promoted throughout the free world by leftists who feel we should unilaterally disarm and allow Russia to become even stronger. The film won eight Academy Awards by Hollywood chieftains who are mostly Jews. It should be noted that most Jewish publications in America have placed their own people on notice not to think for a moment that Gandhi's "non-violence and non-resistance" philosophy should ever apply to Jews.

At the beginning of World War II, Gandhi urged the British to surrender to Hitler and not fight back. He wrote: *"Let them take possession of your beautiful island with your many beautiful buildings. You will give these, but neither your souls nor your minds."* Gandhi also urged Pres. Edward Benes of Czechoslovakia to march against the German army unarmed and thus *"perish gloriously in collective suicide."*

Gandhi's Views Were Self-Serving

Gandhi had agents who incited the mobs to attack British soldiers on April 13, 1919. During this attack, 1,516 Indians were shot down and this greatly aided the Gandhi revolution. Later he stated he would prefer a "bloodbath" between Hindus and Moslems in India rather than continued British control. This is what he got! When the mass killings began he blessed the Nawab of Kotla when he gave orders to shoot 10 Muslims for every Hindu killed in his state. His hatred for the British was so strong that Gandhi supported Subhas Chandra Bose who (financed by Hitler) organized thousands of Indians to fight on the side of the Japanese Army which was gathering in Burma for a planned invasion of India.

Gandhi's Views For Christians — Not Jews

The Jewish Telegraph Agency is directly owned by the Israeli government and sends the official Zionist political line to local Jewish publications worldwide. Since Jews are avid movie goers they want to make sure their own people do not adopt Gandhi's "non-violent" views in regard to the Arabs. When Hitler came to power in Germany, Gandhi urged Jews to commit suicide as a non-violent protest and thus leave "a rich heritage to mankind."

The Jews would have none of this and their leaders opposed Gandhi beginning in the 1930s over his opposition to their planned seizure of Palestine as a Jewish homeland.

(KFC), is now dead. But, he would turn over in his grave if he knew what the R. J. Reynolds Tobacco Co. and Heublein Co. which bought out his business did. Col. Sanders was a Segregationist and a Patriot who aided pro-American causes. Now Heublein Pres. Hicks B. Waldron has signed an agreement whereby $180 million will be spent hiring and promoting negro employees, financing blacks in opening 88 KFC franchises and doing business with black firms over the next five years. It should be noted that Heublein also owns Smirnoff Vodka, Black Velvet Canadian Whiskey, Inglenook Wines and Harvey's Bristol Cream. R. J. Reynolds owns cigarette companies, Del Monte Foods and Aminoil oil and natural gas.

Burger King Sell-Out Cost 20,000 White Jobs

Burger King spokesman John Weir announced that after three weeks of "negotiating" the company sent up the surrender flag and agreed to a $450 million agreement with Rev. Jesse Jackson on April 18. This is by far the largest victory for Jackson's PUSH organization to date. Note that this is almost HALF A BILLION DOLLARS — WE DIDN'T EVEN KNOW BURGER KING WAS WORTH THAT MUCH? ? ?

- Burger King will hire 20,000 negroes until they constitute 21% of their employees. (NOTE: Blacks make up 12% of the population which makes this the most vicious discrimination against White working people ever ordered by any firm in America).
- Burger King will hire black owned UniWorld for advertising and aid blacks in taking 548 franchises by 1987. Also, 15% of all Burger King ads will be placed through black firms.
- 15% of all purchase of supplies will go to black companies.

Since only 5% of current franchises are owned by blacks to increase this to 15% black ownership is rank discrimination against White people. Rev. Jackson stated that this was the biggest PUSH coup to date and credits Coca-Cola with setting the pattern which led to the fall of Kentucky Fried Chicken, Seven-Up and now Burger King. No wonder Rev. Jackson says he may run for President in 1984. He claims at the rate he is obtaining concessions from White corporations he will be able to deliver $50 billion to the black community within the next 10 years.

The High Living Rev. Jackson

Rev. Jesse Jackson likes to travel in royal style. He wears fur coats, travels in private jets, rides in chauffeured limousines surrounded by beautiful girls. Jackson insists that his drivers wear tuxedos and white gloves! Over the past six years Jackson received over $2 million from the U.S. Dept. of Education but recently a grant of $850,000 was stopped just before the check was supposed to be mailed. Still his "life style" remains that of a tribal African king while the poor hard working White American pays the bill — either through government grants to the likes of Rev. Jackson or by trading with companies who have sold-out the White majority for minority business.

ACTUALLY THE FIRMS ARE GUILTY OF GROSS DISCRIMINATION AGAINST WHITE PEOPLE! THE ONLY WAY TO STOP THEM IS TO BOYCOTT ALL COMPANIES WHICH HAVE SOLD OUT — THEY ARE LISTED HERE — JOIN THE BOYCOTT AND URGE OTHERS TO DO LIKEWISE.

Top Black Officer Arrested

Miami's Metro-Dade police arrested one of their own commanders, Delmar Stirrup, 37, in his apartment with a pound of cocaine worth $35,000. Stirrup was "skipped" through the police ranks over many White officers with far greater seniority. He quickly went from sergeant to commander as part of the department's affirmative-action promotion plan.

Stirrup was charged with trafficking, possession and conspiracy to transfer cocaine from Miami to Chicago. Stirrup snorted the drug and was an addict himself. His bond was set at $150,000. Stirrup first received publicity when a popular detective brought a pet orangutan named Barney to a police Christmas party. He had him pose for a photo with an ID card stating: "*Barney Orangutan, Acting Police Commander.*" Stirrup was so enraged that he charged this was a "racially motivated act" to depict him as an ape. The detective was transferred and demoted in disgrace for the joke. Today Stirrup is facing a possible 15 year prison term and a $250,000 fine.

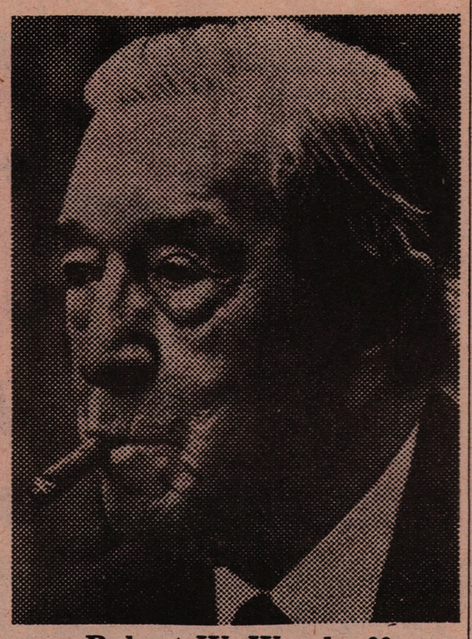
Coca-Cola's Multi-Millionaire Didn't Help Poor Whites



Robert W. Woodruff

Coca-Cola Chief Executive and major stockholder Robert W. Woodruff, age 93, is still surprisingly active. By far the richest man in Georgia he is without a doubt generous with his money which is unusual with the super-wealthy. Mr. Woodruff's money is tied up in various tax-exempt trusts but he personally decides how it shall be spent.

Robert Woodruff with the Chandler family built Coca-Cola into the mighty billion dollar industry it is today. Mr. Woodruff has bought valuable property and given it to the city of Atlanta for public parks. He gave $28 million for construction of the massive arts center and $250 million to Emory University medical school and other gifts to civic organizations. All of this is to his credit. Unfortunately, like many wealthy people who are totally isolated from the day to day problems of the White working people, he has been led by media propaganda to lean over backward to aid negroes. Woodruff has given, anonymously, untold millions to the United Negro College fund, black churches, civil rights groups, the Tuskegee Institute in Alabama along with millions for the construction of the Martin Luther King Social Center For Non-Violent Studies.

Needless to say, no White segregationist group has received one dime from Mr. Woodruff. Unfortunately he is a liberal — no doubt thinking he is doing good — but White organizations in desperate need for funds to awaken America for the Preservation of the White Race receive nothing. Also, it cannot be forgotten that Coca-Cola was the first big corporation to surrender to the demands of Rev. Jesse Jackson. THIS COULD NOT HAVE OCCURRED WITHOUT THE PERSONAL APPROVAL OF ROBERT WOODRUFF.

This tragic precedent has set off the string of other surrenders by Seven-Up, Kentucky Fried Chicken and Burger King. Hopefully some wealthy people will come to aid of Patriotic White Christian organizations but it has not happened yet.

7-Up's Black Treasurer

George Lewis

Seven-Up president Edward Frantel (Jew) has appointed negro George Lewis treasurer of Seven-Up. He will help see that all the money promised Rev. Jackson's PUSH organization will be spent as promised. Lewis came from the Philip Morris cigarette company which is also Jew owned. It seems as if Jews are hiring more negroes in high positions. They had better keep a close watch on their money. Frantel said: "Lewis brings to 7-Up a high degree of professionalism!"

Polls Reveal Support For Israel Slipping

The news media does not give the public certain information which is strictly designed for Jewish publications. Below is new data which has Jewish leaders worried and should cheer up those who opposed Zionist aggression.

Jewish Post & Opinion of March 2 quotes the reliable Harris poll as finding: 80% of Americans believe Israel must punish the leaders and military officers who knowingly permitted the massacre of Palestinian civilians in the Beirut refugee camps.

Seventy-two percent agreed that "keeping Sharon in the Israeli Cabinet creates doubts about Begin's willingness to punish those responsible for the massacre."

Sixty-seven percent believe Begin should dissolve his government and call new elections.

Poll Finds 23% Simply Don't Like Jews

American Jewish Committee operates what they call the "Trends Analysis Unit" headed by the Jew Milton Ellerin. On March 2 he reported: "*Our polls show that 23% of all Americans — that's an awful lot of people — don't like Jews or have a negative image of us. Although they may not like Jews, they don't vocalize against Jews and they don't publicly take action against the Jews!*"

"*Jews must constantly be on the alert. Various forces in America would love to undermine Jewish security. Many people hold anti-Jewish attitudes but we do not know exactly what conditions would make these passive anti-Semites into active anti-Semites.*" (Note: Your editor believes that an economic crash would activate these people and they would constitute a bloc strong enough to control the U.S. Government.)

Gandhi's Dangerous Ideas

(Continued from Page 1)

Britain's "Balfour Declaration" gave the Jews the "right" to begin settlements in Palestine. Gandhi wrote:

"It would be a crime against humanity to reduce the proud Arabs, so that Palestine could be restored to the Jews partly or wholly as their national homeland."

Rabbi Stephen Wise wrote in The Jewish Tribune of May 1939: *"A great wrong was done by Gandhi in the matter of giving his support to murderous Arabs against non-violent Jews who are asking for less than five percent of the land which came to the Arabs as a result of the World War."* **(HYPOCRISY:** The Jews now have seized 100 percent of Palestine from the Arabs, along with the Golan Heights and South Lebanon.)

Later in another article, Rabbi Wise wrote: *"I regretfully state that Gandhi's stand with regard to Palestine — Jews and Arabs — has already shaken my one time faith in him. He has not spoken as a statesman for truth and justice, but as a politician who has appealed for the support of the Mohammedans in India in order to alienate them from the British."*

Coretta Scott King bestows King medal on "Gandhi" film producer Sir Attenborough.

Martin Luther King Portrayed As Follower of Gandhi

The Hollywood Academy Awards made it clear that they believed Martin Luther King adopted the "non-violent" tactics patterned after his "hero" Gandhi. Thus those who see the film are supposed to be instilled with fervor to support the views of Martin Luther King. The fact is that King created more violence than any other black radical in American history. He was also a member of over 60 communist fronts. Once, in the midst of a race riot King started in Chicago, he explained on TV that he did it to bring out the hatred in Chicago Whites for the world to see!

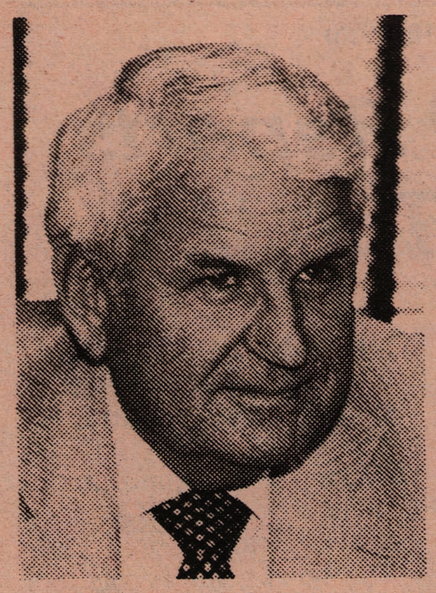
Gandhi Weird Practices Censored

The movie, *Gandhi,* left out important elements of his personal life. Gandhi slept regularly with naked teenaged girls (and younger) to prove his chastity! Gandhi did not believe in doctors and thought enemas cured all ills. Thus he gave the young girls he slept with daily enemas and in return they gave him a daily enema. Gandhi was never concerned about India's caste system in which the more intelligent White people segregated themselves from the darker Asians.

Gandhi thought all Indians should spend their time at a spinning wheel and in prayer. HE WAS OPPOSED TO RAILROADS, ELECTRICITY, FACTORIES, MACHINES AND EVEN HOSPITALS! Thus should America follow the pacifism of Gandhi we would quickly be devoured by the Russian bear. What if the Afghans adopted Gandhi's stance? They would all be machine-gunned down tomorrow by the Soviet Army. This Gandhi propaganda all comes at a time when Cuban-directed communist guerrillas are about to overrun El Salvador, and Nicaragua poses a threat to all of Central America. The left-wing Jews who control Hollywood opposed U.S. intervention and aid to anti-communist forces in Central America. They say we should withhold all aid to this area which is in our backyard. They say follow in the footsteps of Gandhi and let the communists have Central America. The Jews certainly do not follow this non-violent stand in their aggressive wars against the Arabs! Remember that Israel launched every war they had with the Arabs except for Sadat's surprise crossing of the Suez Canal in which he seized only that which was part of his own country.

The only reason Gandhi's policy of "non-violence" and sit-down strikes won in India was because of the honor of the British government. When India was paralyzed by nation-wide strikes and all production ceased, the British gave in rather than use force to make the Indians work. What would the communists do in Russia if there were strikes? They would execute the leaders and send the rest off to death camps in Siberia. It was due to the character of the British people and their desire to avoid bloodshed that Gandhi won. Under any other circumstance, Gandhi and his followers would all have been crushed by the occupying powers that be. Thus, any thoughts that U. S. foreign policy should be patterned after the pacifist views of Gandhi should be condemned as propaganda designed to aid Soviet aggression and conquest just South of our border.

Rep. Lee Blocks King Bill



Rep. Bill Lee of Clayton County defied Atlanta's Leftist Establishment.

Georgia Votes Down King Holiday Bill

Atlanta civil rights advocates and the extreme left-wing Atlanta newspapers campaigned hard for passage of a bill making Martin Luther King's birthday a holiday. The bill has long been opposed for solid reasons. King was a member of many communist fronts, created bloody riots throughout the nation and had sexual habits so gross the FBI ordered his record sealed from the public for the next 50 years.

Still the Georgia vote was far too close for comfort. The vote before the House Rules Committee was a 14 to 14 tie. Then, to his credit, Rep. Bill Lee of Clayton County cast the deciding NO vote. The following representatives voted for the bill to make Jan. 15th a holiday in memory of King.

Atlanta Newspapers Castigate Leaders

Atlanta Constitution professional hatchet writer, Bill Shipp, age 49, (who is said to be an alcoholic and looks at least 60 years of age) blasted the righteous, Patriotic legislators. Shipp, in his editorial of Feb. 23, charged that a majority of "Georgia's elected leaders are racists." He said the "native Georgian" King was honored around the world but not in Georgia.

Shipp accused Gov. Joe Frank Harris of not really working to pass the bill and then attacked (as usual) House Speaker Tom Murphy for "single handedly killing" the bill — WITHOUT GIVING ANY EVIDENCE WHATSOEVER TO SUBSTANTIATE THE CHARGE!!

Bill Shipp drips with hate for all who do not go along with his radical and often irrational editorials. He actually called the Georgia Legislature a "Whiteman's Club" which holds blacks "in contempt!" All of these charges should be remembered when Shipp and his Cox family controlled leftists come hat in hand to the legislature all smiles requesting favors and passage of other bills which their small elite clique seek. **They deserve no favors or consideration of any kind and by no means represent the majority of the citizens of the state of Georgia!**

Ga. House Members For The King Holiday

Rules Committee members who voted for the bill were: Reps. Ward Edwards (D-Butler), Tom Buck (D-Columbus), Tommy Chambless (D-Albany), Betty Clark (D-Atlanta), Jack Connell (D-Augusta), Warren Evans (D-Thomson), Mary Jane Galer (D-Columbus), John Greer (D-Atlanta), Sidney Marcus (D-Atlanta), Ed Mullinax (D-LaGrange), Billy Randall (D-Macon), Larry Walker (D-Perry), Crawford Ware (D-Hogansville) and Hosea Williams (D-Atlanta).

The following patriots had the fortitude to vote their conscience despite pressure from the highly organized minority political machine in Georgia and voted down the King holiday bill.

Courageous Ga. House Members Who Voted Down King Bill.

Committee members who voted against the bill were: Reps. John Russell (D-Winder), Bob Argo (D-Athens), Al Burruss (D-Marietta), Johnny Isakson (R-Marietta), Bobby Lawson (D-Gainesville), Charles Martin (D-Buford), Bobby Parham (D-Milledgeville), Bobby Phillips (D-Savannah), Frank Pinkston (D-Macon), Tommy Ramsey (D-Chatsworth), Cas Robinson (D-Stone Mountain), Charlie Thomas (D-Temple), Kil Townsend (R-Atlanta), Joe Mack Wilson (D-Marietta) and Committee Chairman Bill Lee.

White Tried By 2,000 Blacks

Justice African style is reported by the "London Daily Telegraph" of Jan. 26, 1981. William Munson, 64, of British descent has farmed in Rhodesia for 30 years. He was accused of committing adultery with the wife of one of his farm workers. Munson declared his *"innocence"* and said, *"all I wanted was a fair trial in a court of law by decent, grown-up, dignified people."*

That form of English law has gone down the drain in black ruled Africa. Munson was hauled into a soccer stadium which was packed by 2,000 jeering and screaming blacks. Munson said: *"I felt like a wild animal being baited in an arena. The crowd was violent and the atmosphere explosive. I agreed to pay the damages because I was frightened and thought this was the best way to get out. The police had to escort me to safety."*

Munson agreed to pay the woman's husband $700 with half the amount being in cattle. This was turned down by the husband saying he wanted cash. Munson is married with three children and even set up a school for blacks on his large farm. Blacks call him "chiboyi," meaning one who helps and identifies with the natives. Still with the new tribal justice system replacing district courts, Munson says he and his family are considering emigration to the safety of South Africa. Thus we see the final fate of Whites who become race-mixers!

Jewish Paper Admits Wiesenthal Exaggerated Claims

(Below from "Jewish Post & Opinion," Jan. 19, 1983)

Wide Divergence In 2 Reports On Anti-Semitism In The U.S.

NEW YORK (P-O) — A discrepancy in the incidence of anti-Semitism in America called for some answers as two reports, one from the Simon Wiesenthal Center in Los Angeles, and the other from the Anti-Defamation League of B'nai B'rith, both the products of surveys, differed widely.

THE LATEST of the two reports came from the ADL, which noted a 15 percent decline in 1982 from the previous year, and listed 829 such incidents, of which only 197 were at Jewish institutions such as synagogues and temples and Jewish Community Centers.

The Wiesenthal survey was almost astounding. It said that in the last three years 57 percent of synagogues in New York City have been vandalized. The percentages for New York State were 49, for California 32, Florida and for Illinois 38, and 19 for Texas. Since there are several thousand Jewish houses of worship nationally, the Wiesenthal report had to total well over a thousand cases of vandalism to synagogues.

THE WIESENTHAL figures came from a poll of 600 rabbis in five states made by Penn and Schoen Associates, a New York public relations firm.

The ADL figures came from reports by the Research Department of its Civil Rights Division, based on information provided by the ADL's 27 regional offices.

The Wiesenthal report took one reservation which could explain some of the discrepancy. It said that in New York State, where the largest number of incidents took place, only 20 percent were reported to Jewish organizations.

HOWEVER, experts believe that somewhere there is an error, since the ADL not only through its offices, but also through the B'nai B'rith lodges, is considered reliable and thorough in its work.

(Below "Jewish Post" editorial of Jan. 29, 1983.)

It just is difficult to believe that half of the synagogues in New York were subject to incidents of anti-Semitism over a three-year period, and the same for 38 percent in Florida and Illinois.

It is important that in such a serious area that fears not be aroused, as would be the case if the Wiesenthal figures were to be determined to be accurate. On the other hand, if the ADL figures are far too conservative, which we find it difficult to believe in view of their expertise in the field, that too would be a cause for concern.

There is another legitimate question.

Why when we have such established institutions as the ADL in the field of anti-Semitism is it necessary for the Wiesenthal Center to move into that area?

Holocaust Day Celebrations And Reunions

Associated Press of April 11 stated there are over 100,000 so-called holocaust survivors living in America. Some 11,000 held their annual reunion in Washington last month. Many met other "survivors" they thought were gassed in the camps — but miraculously they are still alive — after all these years!

Thus, they gathered and danced and laughed about good times in the camps.

Some 11,000 Jews dance the night away at Washington holocaust celebration.

(Below from "Associated Press")

Simon Wiesenthal

Wiesenthal Getting Richer

Simon Wiesenthal celebrated the holocaust at the exclusive Jewish Turnberry Isle Yacht Club in North Miami Beach (or condominium gold coast). There local Jews threw a $1,000 a plate dinner for the infamous "Nazi hunter." During his talk, Wiesenthal said: *"There are thousands of Nazis in the U.S. but it is better to catch two this week and maybe three next month to keep the public's attention focused on the holocaust and anti-Semitism. It is not a schedule, but we can arrange it."* (Note: this report appeared only in the Miami Herald of April 12th.)

Selling Holocaust Coins

Jewish Week, the largest such publication in America, contributed a two-page article to the new holocaust medallion available as a money raiser for Jewish community groups. They would not give details on the price but it must be high. Christian businessmen who deal with Jews will soon be given "the opportunity" to buy them and thus contribute to your local Jewish Federation. Information on the holocaust medallions is available free from Aaron C. Oppenheim, Inc., P. O. Box 709, New York, N.Y. 10185.

Israeli Notes

The Zionist News Service of Feb. 25 states that workers in Switzerland earn the highest average pay in the world — $12 per hour. New York is next with $11 per hour. Then they note the Israeli worker produces only 50% of what an American or Swiss worker does. Then ZNS states skilled workers in Bombay, India earn only 80¢ per hour.

Wiesenthal Caught Lying About Anti-Semitic Incidents

The Wiesenthal Holocaust Center in Los Angeles is visited by vote seeking politicians and Hollywood "celebrities" out to climb the social ladder of success with Jew support. First they must honor the Jews and pledge their support to continue the memory of the six million dead Jews (which has now been proven a hoax by a committee of scientists, professors, lawyers and writers).

Wiesenthal sees war criminals hiding everywhere and says he will never set foot in Canada again because they have not established a special OSI outfit to prosecute "war criminals" like the U. S. Justice Dept. Wiesenthal claims there are war criminals, thousands of them, hiding throughout the world. Many people believe this man because of all the publicity he received.

Indianapolis "Jewish Post & Opinion" of Jan. 19, 1983 charged Wiesenthal has tremendously exaggerated figures on anti-Semitic incidents to Jewish buildings. They quote the Jew Anti-Defamation League (ADL) study as showing anti-Semite incidents down 15% from last year with only 197 acts of vandalism at Jewish institutions, synagogues, temples and Jew community centers. But Wiesenthal came out with a report claiming over half the synagogues in New York were vandalized over the past three years. His figures broke down to over 1,000 attacks by vandals against Jewish buildings! Questioned about this, Wiesenthal said 600 rabbis in five states gave him this information. The Post & Opinion states the ADL figures are much more to be believed than Wiesenthal and they warn that he is merely trying to frighten Jews (perhaps to give more money to the Wiesenthal Center?).

If Wiesenthal would spread deliberate lies about so-called anti-Semitic incidents in America, what would prevent him from making up total falsehoods about a holocaust of Jews in Europe? How can anyone believe his charge of thousands of East European refugees from communism being "secret Nazi war criminals"? We believe that the "Jewish Post & Opinion" has inadvertently let the cat out of the bag. Now the hysterical claims of Simon Wiesenthal will no longer be given the automatic credence they have in the past.

Jews Scheme To Execute 200 Patriots In Israel

Traitors In Washington Scheme To Deport East-European Anti-Communist Patriots to Israel For Fraudulent "War Crimes Trials"

Under pressure from organized Jewry, the U. S. Government established within the Justice Department a terrorist outfit called "The Office of Special Investigations." They have 50 investigators and an annual taxpayer financed budget of $2.5 million. Allan A. Ryan, Jr., is the boy-stooge figure head of this mob. The real chieftains of the OSI are the Jews Neal M. Sher and Efraim Juroff. According to the New York Times of April 27, they are in Israel meeting with Prime Minister Begin's Assistant Justice Minister Yitzhak Feinberg. They are scheming to deport Archbishop Valerian Trifa to Israel where the Jews can try and ritually slaughter Trifa just as they did in their illegal kidnapping of Adolph Eichmann from Argentina!

According to People Magazine, Ryan says that he personally receives "a tremendous amount of satisfaction in prosecuting them." (Referring to over 200 elderly East Europeans who sided with the Germans against the Soviets during World War II.) Ryan admits that most of his Wiesenthal testimony comes from so-called "holocaust survivors" people like Simon Wisenthal locate in the U.S., Russia and Israel. This "evidence" is highly unreliable as the case of Frank Walus proved. Walus was "convicted" by Federal Judge Julius Kaufman (Jew) in Chicago and stripped of his citizenship. On appeal, with the help of many people costing Walus $120,000, he proved that nine of the Jew witnesses lied against him and were never in Poland and that he was too young to have been an SS officer during the war. Indeed the truth was Walus worked on a farm in Germany throughout the war as a teen-ager and was very well treated.

Ryan says he keeps in close touch with professional holocaust Simon Wiesenthal. He even admitted in *People Magazine* that Wiesenthal comes up with insufficient evidence. Now the OSI, which was originated by Jewess Elizabeth Holtzman of New York City, is conspiring with the Israeli government to send over 200 of these elderly people to Israel for "war crime trials." The Times lets the "cat out of the bag" when they admitted that if Archbishop Trifa can be sent to Israel so can all the rest. In Israel they will be tried before a three judge Jew court. Jewish ritual slaughter is hanging by piano wire with slow strangulation as the throat is slowly slit open by the wire and profuse bleeding over an extended period of time brings death. (Note: Jewish Kosher slaughter of animals is with slitting the throat of an animal from ear to ear — WITHOUT HIS BEING STUNNED OR RENDERED UNCONSCIOUS).

The Jewish Bible (not our Bible but a book they call The Talmud) refers to all Gentiles as the goyim — which can mean either cattle or Christians! Their ritual death for both is the same. The two British sergeants Israel's Begin had murdered when he headed the Jewish Irgun terrorists were both strangled on piano wire and their bodies wired with a boobytrap. Now the Jews feel they are so powerful they can try innocent people (like Frank Walus) in Israel — A STATE WHICH DIDN'T EVEN EXIST WHEN WORLD WAR II WAS FOUGHT!

This persecution of these poor elderly East Europeans (most in their 70's) is a crime against justice which cries out for redress. The case of Archbishop Trifa is especially illuminating because he is charged — not with harming Jews personally — but writing and speaking about them! JUST AS THOUSANDS OF AMERICAN PATRIOTS DO EACH AND EVERY DAY!

Not only that, but Trifa's activity took place before Romania entered World War II against Russia. King Carol of Romania then made an agreement with Hitler to deport all the Iron Guard leaders to Germany because they made up his political opposition. Thus they sat out the entire war under "house arrest" in Germany! In the end King Carol betrayed Germany and tried to make a secret separate peace with Stalin. The Germans would have been much better off if they had deposed the King and allowed the Iron Guard political power in Romania.

All that is history now but today Archbishop Valerian Trifa is the spiritual leader of the many thousands of Romanian Orthodox Christians who fled their communist run homeland for freedom in America. Now the enemies of Christianity and freedom wish to deport this great Christian leader to his certain death at the hands of the Israeli terrorists. This is the fate the Jews have planned for all the other 200 East Europeans and 100 other elderly patriots in Canada.

Remember, this punishment meted out by the super-rich influential Jews in America against Trifa is for his "crime" of *writing and making speeches against the Jews.*" After this program is over who will be next? If the Jews can blackmail the U.S. Senate into adopting the U.N. Genocide Treaty, which bans criticism of Jews, who will be next?

Israel Their Destination

(Below reproduced in part as evidence from New York Times, April 27.)

JERUSALEM, April 27 — The Justice Department has asked Israel to accept a former Nazi sympathizer who has been ordered deported from the United States because when he entered the country he concealed his role in inciting anti-Jewish riots in Rumania in World War II.

American officials have been looking for a country willing to take the man, Valerian Trifa, a Rumanian Orthodox Archbishop, since a Federal court stripped him of his naturalized American citizenship in September 1980.

Switzerland, Italy and West Germany have refused, according to Neal M. Sher, acting director of the Justice Department's Office of Special Investigations, who arrived in Israel today. Rumania has not indicated its position, he said. "We've been in contact with a lot of different countries," he explained. "We are working very, very hard to try to find a place."

Mr. Sher declined to say whether Israel had been approached, but Yitzhak Feinberg, the spokesman for Israel's Justice Ministry, said the request had been made and that Israeli officials would meet with Mr. Sher to discuss this and other cases in the next few days.

[In Washington, John Russell, a Justice Department spokesman, said that Mr. Sher was in Israel for a variety of reasons, one of which was to ask the Israelis to take Archbishop Trifa.]

The Israelis will make a decision, Mr. Feinberg explained, only after examining the evidence to see if Archbishop Trifa could be tried here, as was Adolf Eichmann, Hitler's chief of operations, in 1961. The Hitler aide was kidnapped by Israeli intelligence agents in Argentina and brought by force to Israel, where he was executed.

"It would be foolish to bring over somebody knowing you have no case against him," Mr. Feinberg added.

subsequent step has been to seek deportation orders against them. More than 200 individuals are being investigated.

Consequently, if Israel agrees to receive the deported Archbishop Trifa, the case could be only the first in a long series. Efraim Zuroff, a researcher here for the Justice Department, said the next one is likely to be Ivan John Demjanjuk, a Ukrainian who has been stripped of his citizenship for having operated the gas chamber at the Treblinka death camp. Now living in Cleveland, he is due to receive a court ruling soon on his deportation.

Archbishop Valerian Trifa of the Rumanian Orthodox Church.

Archbishop Trifa, now in his late 60's, is the spiritual leader of 35,000 members of the Rumanian Orthodox Episcopate, based in Grass Lake, Mich. The Government produced evidence that in 1941, when he was active in an anti-Semitic Bucharest organization called the Iron Guard, he wrote inflammatory newspaper articles and gave speeches that incited pogroms. Corpses of Jews were hung in a slaughterhouse and labeled, "kosher meat," according to Mr. Zuroff, although there has been no finding that Archbishop Trifa killed anyone himself.

A life ruined by Nazi hunt

FRANK WALUS
Warning to RCMP

By DICK CHAPMAN
Staff Writer

As the RCMP steps up its hunt for alleged Nazi war criminals hiding in Canada, a sombre warning comes from a retired Chicago factory worker.

Frank Walus *is* the warning.

He personifies a valuable lesson to mark today's start of Holocaust Remembrance Week, a worldwide commemoration for nearly seven million victims murdered by Nazi Germany's Third Reich under Adolph Hitler during World War II.

Vienna-based Simon Wiesenthal, famed Nazi hunter, had fingered Walus, 61, in 1974 as a former Gestapo collaborator.

By the time the allegation reached Israeli police, Walus had been "promoted" to Gestapo member.

Walus later stood in a U.S. denaturalization court to hear 12 "eyewitnesses" identify him as a notorious mass-murderer who allegedly stomped to death a young, pregnant Jew.

Walus had to find $60,000 for his defence and to bring witnesses from Poland. But he lost the case, was stripped of his U.S. citizenship and ordered deported.

There was just one horrendous flaw.

Wiesenthal, Israeli police, the U.S. justice system and the media had the wrong man.

U.S. prosecutors later agreed Walus had never been at the Nazis' concentration camp at Kielce, Poland where "eyewitnesses" 40 years later had placed him.

"Nine of the 12 witnesses who said they had been born in Poland and lived there, never did," Walus said in a recent interview.

The U.S. justice department dropped the case, apologized and paid Walus $34,000 in legal costs. But Walus figures he's spent $120,000 trying to clear his name.

"Simon Wiesenthal fabricated the whole story," Walus says bitterly. "I don't know how the U.S. justice department believed him. Who the hell is Simon Wiesenthal that they believe everything he says?"

In prosecuting Walus, the U.S. government overlooked several important details:

☐ Walus is Polish and therefore the Nazis would never have allowed him to join the Shutzstaffel (SS), as alleged.

☐ The 5-foot-4 Walus was too short by two inches to be allowed to join the Gestapo, as alleged. Some witnesses even testified "Walus" was well over six feet.

☐ Walus arrived in Kielce after the war.

Walus also points out the most obvious reason he couldn't have been the SS boss.

"I was 16 or 17 years old at the time I was supposed to be a top-ranking SS officer. How could you attain that rank at such an early age?"

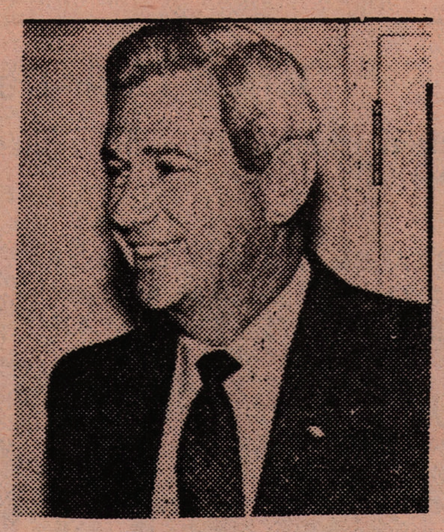
Presidential Hopefuls Appeal To Jew — Black

Florida's Ex-Gov. Askew Is Half Jewish

Current Biography, 1973 edition states that Florida's former Gov. Reuben Askew, who is presently a candidate for President: "*was born in Muskogee, Okla., Sept. 11, 1928, the youngest of six children of Leo Goldberg and Alberta (O'Donovan) Askew.*"

Askew Fought For Race-Mixing

The biography continues: "Askew is a 'New South' governor who believes that the welfare of citizens of any race demands equal opportunity for men of all races has dared to risk his political future by opposing (segregationists) in their campaign for a constitutional amendment to block forced busing . . . Askew has been steadily increasing black representation in state government. During his first year in office Askew quietly integrated the highway patrol."



Reuben Askew

The biography notes that Askew liked to argue with teachers to such a degree that he was often reprimanded for speaking out of turn . . . he stated, 'Because I was from Pensacola people just naturally assumed I'd be part of the conservative bloc.'

Further Askew told voters he would never close a school to avoid integration and "one enraged segregationist called him a 'nigger lover.' Then he replied, "The trouble is, I don't love them enough." While in the Air Force Askew said: "I was on a fairly close relationship with black people," and one of his best friends was a black soldier who had enlisted because he had been unable to enter medical school. (Note: What a laugh over 95% of all blacks who try and enter medical school fail the entrance examination!) Askew said: "I think that was the very first time it really hit me how wrong the " 'racist' system was." Later as student body president at Florida State University, he led a protest demonstration against segregation. He bragged his children went to a 40% black school.

Askew is a member of the Jewish law firm of "Levin, Askew, Graff and Mabie" in Pensacola. Askew has been running for office since 1958 and is now running for either President or Vice-President of the U.S.

New Supreme Court Judge John Thomas — unqualified — but Gov. Robb's choice.

Florida Has A Black Supreme Court Judge

Gov. Bob Graham has appointed Tallahassee District Judge Leander Shaw, Jr., to the Florida Supreme Court. He will be the second black to hold this position — the first is deceased. Shaw is age 52 and a native of Salem, Va. Many believe that Graham also has ambitions for higher political office.

Virginia's Gov. Robb A Candidate For Vice-President Robb Appoints More Blacks To State Office Than Any Other Governor

Virginians were shocked when Gov. Charles Robb appointed negro lawyer John Thomas to a vacancy on the state Supreme Court. Robb is known to be very interested in gaining the Vice Presidential nomination in 1984. His wife, Lucy Baines Johnson (LBJ's daughter) is pushing him to run. Thus Robb, like many other politicians, believes that the only way to high office is through the appointment of blacks to state office. Thus he named negroes to the state board of education and pardon and parole board and other official positions.

Robb Passed Over Qualified White Judges

Two qualified White judges were passed over so that Robb could reach down and choose a negro unknown except within civil rights circles. State Democratic leaders had suggested Richmond Circuit Judge Marvin Cole or Chesapeake Judge William Hodges. Robb broke three precedents in naming Thomas to the Virginia Supreme Court. They are:

1) Thomas is the first negro to ever sit on the state high court

2) Thomas is the youngest person ever named to the court — he is only 32!

3) Thomas is the only lawyer ever named to the Virginia Supreme Court who has no prior judicial experience. Thomas has never served as a judge on any lower court.

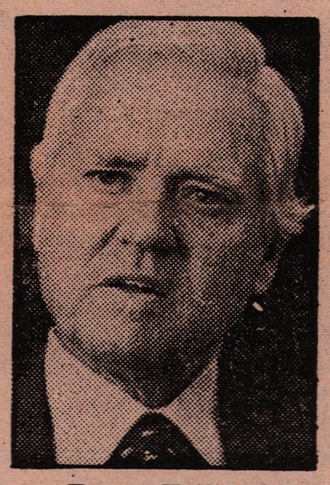
Thomas was bombastic after the appointment and told a press conference, "*I'm not going to be any figurehead. I grew up in the Norfolk ghetto and remember this state's 'massive resistance' to integration during which public schools were closed rather than mix. I had to sit in a theatre balcony because I was black and now we are going to change things further.*"

Thomas says that novelist Alex Haley is his idol. Haley had to pay a quarter of a million dollars to the man whose novel he copied in creating "Roots" which was pure fiction foisted on the public as his actual family history. Thus Thomas is already off to a poor start in naming a confessed plagiarist as his idol!

Hollings' Strange Running Mates

Sen. Hollings Rules Out White Christian Women

South Carolina's Sen. Ernest Hollings gave the Atlanta Journal-Constitution a very revealing interview on April 23. Hollings stated that the Democratic Party could strengthen its 1984 ticket by selecting a woman or a black for Vice-President. Then he named those who might be "seriously considered." Hollings named negroes Atlanta Mayor Andrew Young, Birmingham Mayor Richard Arrington and former Rep. Barbara Jordan. Next he listed Jewesses Gloria Steinem, notorious feminist and lesbian advocate, San Francisco Mayor Dianne Feinstein and "Washington Post" owner Katherine Meyer



Ernest Hollings

Graham. **He did not suggest one single White Christian woman!**

Several years ago your editor, Dr. Fields, and other NSRP members visited the offices of every Senator and Congressman in Washington asking them to stop illegal aliens from flooding our nation. The only White Christian to have a Jewess receptionist at his office to greet his constituents (including our group) was Sen. Hollings. She was a Jewess from Charleston, S.C. It is said that the Democratic Party might choose a Southerner for Vice-President. **We don't want Hollings, Reuben Askew, Charles Robb or any other sell-out!**

Sen. Hollings Seeks Black Vote

The Pentagon has issued a report stating that a number of our NATO allies have requested a cut back in the number of G.I.s stationed there. The report declares "cultural differences" and high crime rates among blacks which cause resentment and demands that all U.S. forces be sent back home.

South Carolina Sen. Ernest Hollings demanded to know which country made the request and threatened sanctions againt that nation. Hollings has "election fever" and is suffering from delusions that he may be elected President. The U.S. Defense Dept. then revealed that West Germany is the main country objecting to the stationing of G.I.s because 35% are negroes. Since this revelation Hollings has kept his big mouth shut on the subject. Perhaps he has learned that there are a lot of German voters in America along with a huge number of pro-German voters!

Gov. Hunt Is Off And Running Against Sen. Jesse Helms And Names Negro To Supreme Court

North Carolina Gov. James Hunt is one of the most extreme left-wing governors in the South. Liberals nation-wide are raising money for his race to unseat the great Patriot Sen. Jesse Helms next year. Thus Hunt disgraced himself by naming negro Henry Frye, 50, as the first black in history to the N. C. Supreme Court. If anyone doubts that we are in the middle of the Second Reconstruction these reports should settle the question.

LBJ's Mistress Was Jewess

Intermarriage with Jews Influences Politicians

"The Years of Lyndon Johnson" by Pulitzer Prize winning author Robert Caro states that Johnson carried on an illicit affair with Jewess Alice Glass beginning when she was age 26 in the 1930s. This continued long after she married Virginia millionaire Charles E. Marsh and only ended in the 1960s. She was a strong influence on Johnson's pro-Jew policies. Marsh was Johnson's benefactor and mentor. LBJ feared disclosure of the relationship could threaten his ambitions due to Marsh's power but had still continued on with the affair.

Sen. John Glenn's daughter is Mrs. Lynn Freedman. Yes, she is married to a Jew. Would this make him more favorable to Israel? If she has Jewish grandchildren the tilt would be more in the affirmative. It should be noted that William F. Buckley's sister is married to a Jew. Perhaps that is why he is the media approved "voice of the right-wing."

Sen. Cranston's Wife A Jewess

Sen. Alan Cranston of Calif., is off and running for President. "The Jewish Journal" of March 11, states that he should be given consideration, not only because of his total all-out stand for Israel but the fact that his wife is the former Norma Weintraub. Recently B'nai B'rith Zion named Sen. Cranston Israel's "Friend of The Year" at their 75th anniversary dinner.

Secret Letter Democrats Were Not Supposed to Read

DEMOCRATIC
NATIONAL COMMITTEE 1625 Massachusetts Ave., N.W. Washington, D.C. 20036 (202) 797-5900

Chairman

August 30, 1982

Mr. Tom Chorlton
National Association of Gay and Lesbian Democratic Clubs
1742 Massachusetts Avenue, S.E.
Washington, D.C. 20003

Dear Tom,

Thank you for updating me on the progress of the National Association of Gay and Lesbian Democratic Clubs.

As I said in speaking to your first conference in Philadelphia on June 24th, I consider formation of the national association an important step toward our common goal: a strong Democratic Party working to achieve full human rights and civil rights for every American.

Toward this end, I know that you share my pride that the statements adopted by the National Party Conference reflected the commitment of this party to end any discrimination based on sexual orientation. Let us work to ensure that the unanimous action of the NPC, which has been widely praised as reflecting a united Democratic Party, is an indication of further gains to be made.

Ann Lewis tells me that she is working with you on a positive, campaign-oriented program of assistance to Democratic candidates in our critical elections this year. Please continue to keep me informed.

Cordially,

Charles T. Manatt
Chairman

Democratic National Committee Has Gone To Hell! The Letter You Were Not Supposed To See

The above headline is meant to be taken literally. On this page we reproduce a letter meant for distribution only to "Gay and Lesbian Democratic Clubs." It is personally signed by the Chairman of the Democratic National Committee, Charles T. Manatt.

Where Manatt writes about "civil rights for every American" and the NPC action he refers to the media-suppressed agreement of the Democratic National Policy Committee to push for a homosexual civil rights bill if a Democrat is elected President and they capture the U. S. Senate! In other words, so-called gays could really come out of the closet as school teachers, youth camp leaders on all jobs and live open flagrant lives in your neighborhood or next door apartment. Should they be fired or evicted the Gay Civil Rights Law would be violated and you could be investigated by the FBI, indicted by the Justice Dept., fined and imprisoned for violating the so-called "gay's civil rights."

Believe it or not this is what the Democratic National Committee has promised the homos of America for their vote! Thus far this gay rights program has been fully endorsed by Sen. Alan Cranston, Sen. Gary Hart and Walter Mondale. As others fall in line we will notify our readers of the Sodom and Gomorrah HELL which has seized control of the National Democratic Party.

"Sting" Arrests Biased?

St. Paul, Minn. police set up a fenced operation (buy) stolen property in order to discover and arrest thieves. The police recovered $750,000 in stolen property and arrested 43 thieves — all but one was black. The local NAACP charged the operation with racial bias! Public defender Bill Kennedy has asked that the charges against 29 defendants be dismissed on the grounds the "sting" operation was racially motivated and discriminatory.

Senator Says Politicians Succumb To Jewish Influence

Calif. State Sen. John G. Schmitz addressed the Los Angeles World Affairs Council on the subject of "El Salvador, Military Coups and the Jews." The audience and the press were on the edge of their seats when he

Sen. John Schmitz

began to speak realizing Schmitz has not avoided controversial subjects in the past. He stated:

"I maintain that what this country needs is an American foreign policy. What is wrong with American foreign policy is it is being run by the media and the media is too influenced by outside groups. Over-eager, very ambitious politicians succumb too much to the Jewish community in their support of Israel.

"They are bulldozed and bedazzled by the Zionists so that almost the entire Jewish community in the United States now feels obligated to support the Zionist movement and support Israel. We have so many pro-Israel resolutions just in the state legislature you'd think we are the Israeli Knesset. We've got to have an even-handed policy in the Middle East."

Senator Schmitz stated that since he first began speaking out on the Middle East last year he has "suffered constant harassment" from Jews and the Jewish Defense League (JDL). He asked: *"If so much pressure is brought to bear on me then what kind of pressure is Pres. Reagan under when he proposed the sale of arms to Arab states?"*

In the hardest fought campaign of his political career, GOP Rep. Matthew Rinaldo beat back a million-dollar challenge yesterday by former state Director of Consumer Affairs Adam Levin for the 7th District seat.

By a vote of 91,537 to 70,859, Rinaldo won reelection to a sixth term in the House of Representatives from a district dubbed the "fishhook" because of its creative weave through through five counties.

In his victory speech last night at the Town and Campus restaurant in Union Township, Rinaldo credited voters with rejecting "the biggest money blitz by any congressional candidate in the history of the United States."

"We overcame a national trend, a new district and a $2 million campaign by my opponent. I hope that this is the last time that money dominates an election campaign as much as it did in this one," Rinaldo said.

In his concession speech, Levin said, the campaign had been a "truly beautiful experience" and put "everybody through a lot of 'tsouris' (aggravation)."

The millionaire son of the late shopping center magnate Philip Levin donated $99,251 to his campaign and personally guaranteed $680,800 in loans. That figure is expected to rise after final campaign

Who Spent The Most Money For Congress

The figures are now in on which candidates spent over $1 million in last November's Congressional elections. The top three spenders were all Jews. Adam Levin of New Jersey, son of a multi-millionaire shopping center developer, donated over $800,000 of his father's money to his own campaign and spent $1,652,845. Thankfully, he was defeated by incumbent Republican Matthew Rinaldo who spent $701,483. Levin actually broke down and cried when he announced at his victory party he had been defeated. Rep. Rinaldo said that the voters had rejected "the biggest money blitz in congressional history" and he hoped that no one would try to buy their way into office again.

Barner Frank is the Jew who spent the next highest amount in history. He spent $1,435,222 to defeat Mrs. Margaret Heckler, the incumbent, who was forced to spend $926,769. Next came Rep. Tom Lantos of California who spent $1, 164,373 in a relatively safe district with a large Jewish population. Lantos' chief claim to fame is that he is the only so-called holocaust survivor in Congress.

On the Senate side, Democrat Frank R. Lautenberg of New Jersey, a multi-millionaire, spent $5,230,269 to defeat Rep. Millicent Fenwick who spent $2,579,462. Democrat Howard Metzenbaum spent $2,751,452 in Ohio when he didn't have serious opposition. The same is true with multi-millionaire Teddy Kennedy who faced an unknown but still spent $2,447,642. One reason Teddy decided not to run for president is that he polled his lowest vote ever — under 60% in the most liberal state in the union — which many once referred to as Kennedyland.

Will the future Congress and U. S. Senate be a reservation for only those who are multi-millionaires?? If so, then truly representative government will be dead in America.

India's Hordes Are Emigrating Here — Their Superstitions,

Aryans Brought Civilization To India

2,400 years before the birth of Christ, the White Aryans swept down from the plains of Coastal Asia and easily conquered the dark-skinned Dravidians of India. The Aryans found black-skinned people the lowest, living like animals in caves and mud huts. They wisely saw that interracial marriage with these inferior people threatened to reduce them to the level of those they had conquered. Thus the Aryans established the caste system (segregation of the races).

The word *Aryan* means "noblemen" or "owners of land." They developed the Sanskrit language and a method of writing. The Dravidians could not speak nor write before the Aryans arrived. Canals were constructed and agriculture flourished as the Aryans constructed great cities. One ancient Aryan city, Mohenjo Daro in Pakistan, still exists for visiting tourists. The city had wide streets, lined with brick buildings and apartment houses. Each dwelling had its own tiled bathroom. Covered drains ran through the city, and there were even community swimming pools. The inhabitants had a system of writing, counting, weighing and measuring. At this early period in time no other part of Asia had anything to compare with the advanced society devised by the Aryans.

Interracial Marriage Destroyed the Aryan Civilization

Despite the strict caste system interracial sex unfortunately did occur. The Aryans developed the Hindu religion based on their caste system so that only those of the various shades of color could marry one another. But within 1,000 years, the Aryans slowly interbred with the Dravidians until there were not enough pure White people left to keep civilized society alive. Today India still has the Hindu religion and the caste system but there are few White people left. What is left are mulattoes trying to protect their offspring from breeding with even lower castes including the "untouchables."

Other invasions of the racially crippled India included the Persians, Alexander the Great, and the Moguls. The mongrelized people of India were defenseless against all these conquerors.

Great Britain Rebuilds India's Civilization

India was divided into many tiny kingdoms whose heads were constantly warring with one another. Then the British East India Company began organizing businesses, textile firms and tea plantations in 1757. The British Army was welcomed by the Asians of India because they brought unity and peace. In 1858 the British government proclaimed the colony of British India and the King of England appointed the first Viceroy to rule through an elaborate system of Indian Councils. This brought an end to the bloodletting and feuding. The British modernized cities, built railroads, a telegraph and phone system, vast medical and famine relief programs for the chronically impoverished people.

The British Leave India

In 1919 Mahatma Gandi became leader of the Indian National Congress. He united the Hindus and Moslems against the British. After 25 years of so-called "passive resistance" the British granted India independence. Then what all had predicted came to pass. The Moslems and Hindus broke into a civil war. Untold hundreds of thousands of people were butchered. Whole villages were wiped out. Roadside ditches were littered with the dead. The nation was then partitioned by the British whereby the Moslems would live in Pakistan and Hindus in India.

Since members of both religions lived in both countries the slaughter continued. Trains were choked with Hindu passengers fleeing Pakistan and Moslems fleeing India. However millions of Moslems still live in India. Recently the Indian Hindus in the state of Assaum once again killed thousands of Moslems in an attempt to drive them out of their state and back into Bangladesh — one of the most impoverished nations in the world.

Today India has a much lower standard of living than they enjoyed under British rule. In fact they are not progressing at all and starvation is rampant. Calcutta is described as the most filthy, diseased city in the entire world. White civilization has come to an end in India and with their birth rate out of control (one-fourth of the world's population lives in India) there is no hope left that they can be saved from either a forthcoming massive famine which kill millions or the bubonic plague which will eliminate millions of excess people. This is nature's way of correcting such an imbalance in over-population of inferior peoples. This is why so many Asians in India are immigrating to America. In fact, they would all like to move here.

The "bustee" slums have taken over half of Calcutta. Like African kudzu they overwhelm everything in their path.

Is Collapse of Calcutta A Prelude of U.S. Cities' Fate?

America's great cities are being taken over by backward "third world" peoples. Negroes, Asians, Hispanics and Asiatics are seizing control of our major cities and forcing out the White majority. When you look at the areas of the world from which the coloreds came and how their great cities are being destroyed, such as Mexico City, Rio de Janeiro, all of Africa's cities and the world's worst municipal cess-pool — CALCUTTA! We can predict what will happen here.

In order to see the future of our majority colored cities, look at what has happened to Calcutta, India, today the world's 12th largest city. At one time this city ranked high in commerce, industry, shipping and progress. All of this was developed by the long British rule over India. Now that the Asians of India have "independence" they are headed directly toward disaster. One day mass famine and/or Bubonic plague will destroy them by the millions.

The City Which Has Stopped Functioning

The world's airlines have ceased all flights to Calcutta. They now fly to Bombay and New Delhi. Calcutta, India's second largest city, with a population of 12 million has no air contact with the outside world. The problems of Calcutta are mind-boggling.

Turn Away — Do Not Look At The Problem!

Calcutta was the capital of British India until 1912 and called the "second city of the British Empire" after London itself. King George V helped establish the Royal Calcutta Golf Club with its 18 hole course and high walls to seal off the unsightly surrounding shanty towns. Visitors to the high-caste White elite run what is left of the city. They tell visitors to *"turn away, pretend you do not see the awful sights around you."* The rich do not partake in volunteer social work as many do in America because of the hopelessness of the problem. The misery and aching poverty is so overwhelming that new attitudes have emerged from city leaders.

Calcutta has no elected mayor or council. It once did under British rule but today politics are so violent any election would mean street riots and thousands killed. Thus the state government appoints an "administrator" to run the city. The problems are staggering with 250,000 scavengers

"A Sense of Rot Permeates Calcutta

- The power fails regularly and guests at the Royal Hotel must carry candles for emergencies. Of course, guests are warned not to drink the hotels' water.
- City government is ridden with featherbedding and nepotism. Government workers arrive on the job at 10 A.M., go to lunch at 1 P.M. and simply do not return to work for the rest of the day.
- Garbage lies uncollected through the disease-ridden city. A garbage truck could average up to 5 loads to the city dump daily during their 6 hour working day. But the system dictates only 2 trips and then they go home.
- City officials long ago gave up on the eliminating of slums. Today the slogan is "slum improvement." Talk of restoring *"beautiful and prosperous Calcutta is gone."* Now it's improving the "bustees" (slums) to make them more liveable.
- The nightmare grows as roads collapse, housing deteriorates, sewage drainage fails and floods bring the filth into the city streets. One-third of the people live in dirty bustees. Officials speak of paving roads through the shanties, having electric street lights, building open sanitary lartrines and tap water sources for 100 people where jugs can be filled and carried back to the bustee.
- Food shortage is a constant problem because railroads have deteriorated to the point where breakdowns curtail food distribution and even fertilizer production is down 60% due to inept management. Canals fill with silt, the once busy Calcutta harbor is but mud flats, shipping goes elsewhere — but still the people move here. Factories close and move and *"the visible signs of disintegration are everywhere. The rot has spread so deep that it cannot be reversed."*

---

begging and looking for food in garbage cans, etc. Censors scan the newspapers and even the weather reports for any news which might upset the people and cause riots. A 1¢ rise in bus fares set off an uprising in which many were killed. Buses, streetcars and trains were burned. The chaos is staggering, houses collapse, cholera lingers, beggars swarm. There are food shortages, corruption, indecision, sluggish bureaucracy, dropping production, and cynicism.

Lifestyles, Population Explosion — Threaten Our Survival!

Indians Worship Rats Who Are Destroying Them!

Temple Worship Of Rats

Deshnoke, India has a temple exclusively for the worship of rats. The people feed, care for and pray to the rats. The high priest, Ganga Dhar said: "*We believe these rats are reincarnations of our family and friends. That is why we feed them and worship them. The rats are proof that our life will go on. They are proof of the miracles of Shri Karni Mata, a Hindu goddess continue today.*"

An overwhelming stench permeates the air at the temple but the worshippers do not mind. They kneel before swarms of rats and let them lick at their fingers. According to legend, the goddess Mata told her followers that after death she would return as a rat.

Dr. G. C. Chaturvedi is trying to reverse this rate religious belief. He explained:

"*Religion is our greatest problem. The Hindu reluctance to kill is very strong — that is why so many of us are vegetarians. Women feel this especially strongly; if someone in the family is taken ill, the wife may blame it on the husband killing a rat. Further, the elephant-headed god Ganesha, symbol of prosperity to many Hindus, traditionally is carried by rats.*"

Emigration from India may well result in an eventual black plague on our house — America. The time has come for an end to all colored immigration before they and their ways destroy our nation.

The High Priest Ohar leads his followers in praying to the "Holy Rats" in the temple.

Congressman Opposed Food To India

Iowa's late Rep. H. R. Gross once objected to any food being sent to India because half of it would be eaten by the "sacred rats." Congressman Gross wrote:

"*The billions of rats in India consume half our food relief program. In some places in India rats, snakes, monkeys and cattle are treated with religious respect. In Bilaner, thousands of people worship rats. In Calcutta, people feed the sacred rats in the park while people starve to death across the street. The American government has thrown billions of dollars down the drain in food aid to India. The American taxpayer needs to know if India's government intends to continue feeding rates before we fork over another $50 million to fatten the rats!!*"

Rats Caused Black Plague Which Killed Millions

While a rat only lives one year, a pair can have 15,000 descendants during that period. In America rats will bite thousands of people this year, inflicting disease, despair and terror. They destroy property and cause untold numbers of fires by gnawing insulation around electric wiring. Rats carry at least 20 diseases, from typhus to trichinosis to deadly lasser fever. It was rats from Asia which carried the Black Plague baccillus to Europe which wiped out one-fourth of the population — over 25 million people in the year 1347. Records show that 200,000 towns were totally depopulated by the rat-spread Bubonic Plague. With horror, people saw the dark blotches erupt on their skins and knew a heinous death awaited them.

In India rats eat enough grain annually to fill the boxcars on a train 3,000 miles long. Rats are a curse on mankind, yet they are protected, fed, and worshipped in India. The people of Bombay suffer 20,000 cases of rat bite fever each year. In the plague epidemic of 1898 some 12.5 million Indians died from the rat-caused plague.

Rats Also Holy!

India's Hindus believe that one's ancestors may return as rats and they, too, should be worshipped. India may eventually be conquered by the rat. There are five billion rats in India, outnumbering the people eight to one. India's rats eat or destroy half the grain produced — over 100 million tons annually. Rats spread disease and could eventually wipe out India's entire population. India has carried on drives to get people to get rid of the pests but continued religious worship of the rats allows them to thrive.

Police Brutalize The Innocent

India's Brutal Police Torture Suspects Blinding Common Police Treatment

Bhagalpur police have been accused of blinding 31 arrested subjects in order to force confessions.

Salig Saha, 17, was on his way back to deposit $800 when stopped for a search by police in crime ridden Bihar state. The 70 million jammed into this area the size of New England are bedeviled by crime, religious clashes and banditry which hold the populace in terror.

Saha was taken to the police station to sign a confession. When he protested his innocence the police held him down and punctured his eyes out with bicycle spokes. They then poured corrosive acid into the bleeding eye sockets to fuse them shut. Some 30 other suspects were blinded and Prime Minister Indira Gandhi told Parliament, "*What are we coming to in this country?*"

Saha (left) and fellow blinded prisoner

"What are we coming to in this country?"

Police Break Prisoners' Legs

Varanasi city police have admitted that they regularly broke the legs of at least 12 suspects. Most of the victims later must have their legs amputated because of an infection not treated in jail. High ranking police officals participated in the violence which is supposed to punish suspects where there is not sufficient evidence to convict. This is also a "warning to potential criminals!"

In most cases the victims are kicked in the knee cap by a police constable wearing heavy metal studded boots until his leg is broken. Most are crippled for life even if the leg is saved. Other police "treatments" include beating a suspect in the groin area with bamboo sticks, rolling heavy rolling pins down the body breaking one's nose, crushing out teeth, etc. Finally there is the "aeroplane" treatment with the victim tied to a giant fan which is then turned on and spins around until he screams his guilt and signs the confession. Thus the courts are able to avoid time consuming trials because just about every one arrested pleads guilty and is shipped out to prison work camps.

Mrs. Maya Tyagi, raped by nine policemen, even shocked Mrs. Gandhi.

Police Rape Female Prisoners

Baghpat police are known to gang rape female prisoners. Brutality and death is common in this violent province of India. Maya Tyagi, 22, her husband and two friends were pushing their car which had engine failure. Mr. Tyagi was in the dairy business near New Delhi but a crowd gathered around and accused them of being robbers because they were well dressed. The police were summoned and shot the three men dead claiming they "resisted arrest."

The mob then beat and stripped Mrs. Tyagi and tied her to a tree where she was sexually abused. The 4 month pregnant woman had a miscarriage. Next she was taken to the police station and raped by nine officers. Women's rights organizations have rallied behind Mrs. Tyagi to tell the nation about the common practice of abusing women.

Dr. Fields' Economic Plan To Save The American Standard Of Living, Jobs and Prosperity

Dr. E. R. Fields, Editor
The Thunderbolt

Dear Subscribers: Your editor has never been asked my personal solutions to unemployment and the falling standard of living along with the destruction of our farmers. I have listened to dozens of TV talk shows featuring every economic expert in Washington and New York. In my opinion none of them are willing to deal directly with the problem. I do not expect all readers to agree with all of my suggestions to solve the problem. But give them serious thought. Ask yourself if this quick shot in the arm would not save America.

1) Abolish the privately owned Federal Reserve Bank and allow the government to print and circulate money without paying any interest. This should include a Constitutional Amendment mandating annual balanced federal budgets.

2) Ban the importation of all foreign cars, steel, shipping of U.S. products on foreign ships along with bans on any and all imports which result in displacing American workers.

3) Immediate deportation of all illegal aliens which would rid us of 12 to 15 million people who have taken jobs from American citizens.

4) Farmer's cooperatives would own all food processing and manufacturing firms with all profits returned to American farmers as they would be the stockholders in the cooperatives.

5) Strict regulations of all monopolies such as the electric and natural gas companies along with bans on all corporate mergers which stifle competition.

6) Break up the big banks and the power of big city banks to buy up small rural banks which has just about destroyed independent banks in Georgia. Interest rates to be kept low by citizens commissions.

7) Prevent run-away factories who operate in foreign countries from exporting any of their products back to America.

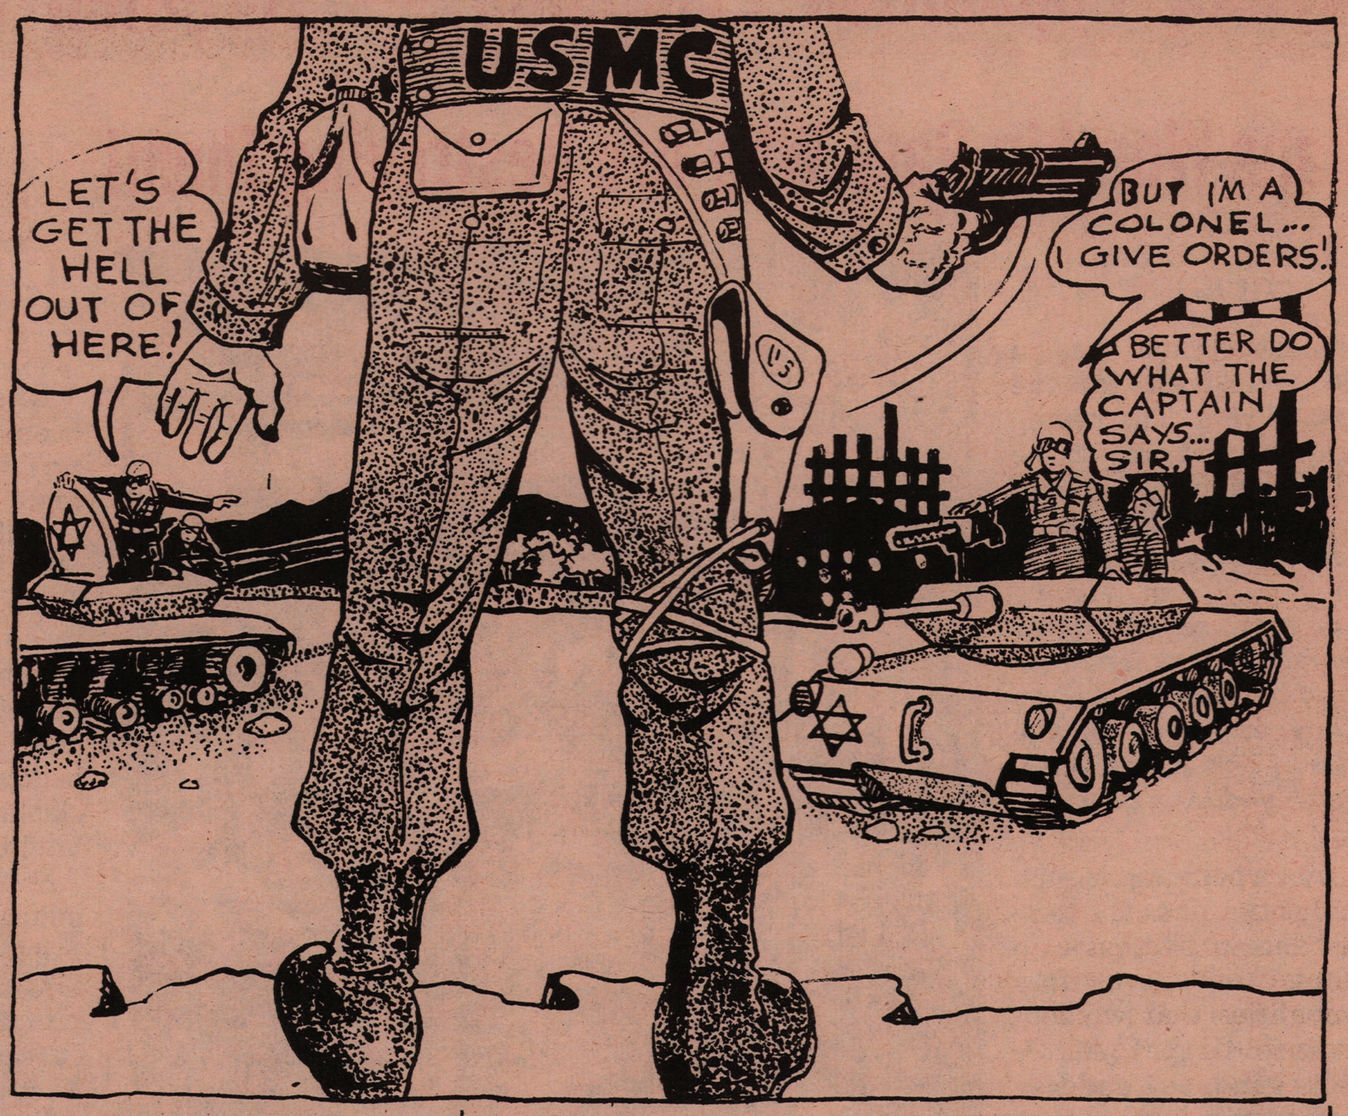
I am sure readers can suggest additional solutions but I believe that within one year the above program would raise our standard of living from 9th in the world back up to No. 1. This is a short term "quick fix." Of course the long term solution must be based on the PRESERVATION OF THE WHITE RACE which made the great American civilization possible in the first place. Interracial marriage must be banned, schools must be re-Segregated, White rights, culture, traditions and history taught in the schools, on TV, in movies and, yes, from the pulpit! America can be saved and the answers are simple. AMERICA FIRST — KEEP THE WHITE RACE PURE!

"They Came Upon A Sunny Morn"

They came upon a sunny morn,
Two men from the FBI,
And told me that they wanted me
To work for them as a spy.

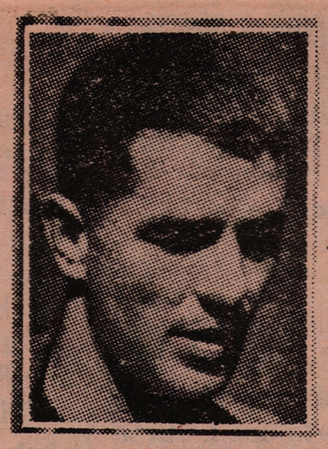
I smiled and told them
where they could go,
Their friendliness turned to ice,
Since then I haven't seen
those two men;
Perhaps they took my advice!

Mighty Israeli Army Stopped Dead In Its Tracks By Lone U.S. Marine



One U.S. Marine

When Marine Charles Johnson, single handed, stopped those three Israeli tanks from passing through a U.S. checkpoint, he did more for millions of concerned Americans than anything else that has been done in a long time.



Capt. Charles Johnson, USMC

For too long the pride we once had in our country has been eroded by seeing our presidents back down before the insolence of Begin, by seeing Israeli defiance rewarded with still more of our tax money, and by seeing our leaders condone Israeli atrocities to the point where the once highly respected United States has lost credibility both at home and abroad.

The example of courage set by this lone marine from Wisconsin revives a dying hope for many of us that the spirit of Lexington and Valley Forge is still alive somewhere in the land. At the same time it brings out by contrast the shame of those in Washington who have grovelled before a little twentieth century Ghengis Khan in Tel Aviv.

If and when Marine Johnson returns to Wisconsin we hope the people of that state elect him to represent them in Congress.

God Is A Racist

Editor, The Thunderbolt:

Racism, racial discrimination, racial prejudice is a commandment from God . . .

". . . Every beast loveth its like; so also every man him that is nearest to himself."

". . . All flesh *shall* consort with the like to itself, and every man *shall* associate himself to his like" . . .

Ecclesiasticus 13, 19, 20 . . . So why should man, i.e. the Supreme Court, and the spineless jellyfish who call themselves congressmen, senators, governors, and other gutless leaders, church leaders, any otherwise?. . .

Man should obey God, and His laws, and if man imposes laws contrary to God's, then those laws should and must be disobeyed . . .

Race-Mixing on TV

Editor, The Thunderbolt

I have viewed the NBC-TV movie about the only White student attending an all-black college. The two main themes were football and, of course, inter-racial dating.

They starred the "personification" for our idol-worshipping youth. Bruce Jenner, 1976 Olympic Gold Medalist decathlon champion, starred and was a third-string quarterback on the all-black team at Grambling College. Of course, he finally got in the game in the last few seconds and won it for them. All of his black "prejudiced" teammates then awarded him the game ball.

During the whole story, of course, the race situation was that he dated and was in love with a negress student (kissed him right on the lips in one scene!).

Really another successful attempt to rape our youths' minds.

Thanking you,

J. B. Stoner's Legacy To Us
Editor, The Thunderbolt

I was extremely outraged by the Supreme Court's ruling against J. B. Stoner. That fraudulent decision was an obvious Jew tactic, designed primarily to silence him for good. Mr. Stone, in his wisdom, has long been an outstanding symbol of raw courage and perseverance — qualities that which had first inspired the founding of the N.S.R.P. as a vehicle for the White people's cause. In his absence, many will have felt the loss of his guiding hand. His ideals shall persevere — however the odds — and the truth will prevail. I salute him. May the good Lord remain by his side.

White Race Created Civilization
Editor, The Thunderbolt:

I believe it is time that we push Congress into declaring some month of the year White History Month. To point out the fact that the White Race has far outdistanced all the sub-human colored races when it comes to great achievements and that the word human, which I believe means created in the image of God, can only properly be applied to the White Race.

Give Wiesenthal F. Lee Bailey's Lie Detector
Editor, The Thunderbolt:

I want to say thanks to whoever is responsible for giving me a subscription to your paper, even though I cannot afford to pay. Thanks. Also, I would like to offer my thoughts on a few matters of current interest. Maybe you could say something about this in your paper.

With all the stink the media is making about the so-called war-criminal, Nazi Klaus Barbie, I'd like to see him make a public request for a lie-detector test, on F. Lee Bailey's TV show. And at the same time, he could challenge all of his accusers, these so-called witnesses — "survivors of the holocaust" — to take the same public lie-detector test. If this were to happen, I'm convinced it would shut up these Jew liars once-and-for-all. Every time I read in the paper about another "survivor popping up" I'm ready to throw up. It seems there are more survivors around now-a-days than there were victims.

The Lack of School Learning
Editor, The Thunderbolt:

For decades teachers have been lambasted for not teaching children. At the same time, they are asked to make intelligent educated adults out of a lot of low learning ability kids who can't learn much. No teacher objects. Teachers are expected to maintain order in schools where they have no authority to enforce discipline. If the military operated in this fashion, and it partly does, the armed forces would be a farce. In this connection, it is peculiar that we can keep big armies in Europe to defend what is left of that area from a Russian invasion, but cannot use soldiers to protect our borders from an invasion by a million or so illegal aliens every year. Curious, isn't it?

Editor, The Thunderbolt:

We are sorry to hear that Mr. Stoner resigned as chairman of the N.S.R.P., a land that was the symbol of freedom in the western world, is now becoming a Jewish Satellite where Africans and Asians have more rights than Whites.

No Aid If Soviets Overthrow South Africa

Former Secy. of Defense Robert McNamara on Oct. 21 warned the White government of South Africa that they could expect no assistance if their black population should launch a violent revolution with Soviet aid. He said the U.S. is willing to let South Africa fall rather than upset colored governments of the Third World countries. McNamara stressed that this has been the policy of all U.S. Administrations since John F. Kennedy and will continue. He said it would make no difference even if it meant losing the country to the Soviet sphere of influence and losing the vital minerals we receive from South Africa! HOW IS THAT FOR HIGH TREASON JUST TO CURRY FAVOR OF FOREIGN NATIONS!

Children Need Both A Mother And Father
Editor, The Thunderbolt

On Los Angeles KNXT-TV News yesterday, an older, unwed career woman (I think she was Jewish) explained the feeling of being a 40 year old new mother with babies totally dependent on her as like *"having walked off a cliff and suddenly you look down and there is nothing there."* Some of these older career women with babies had become pregnant via sperm banks. Others just became pregnant with nameless willing men because they want a child.

But what about the child? What happens when he or she wants to know where the other half of his or her genes come from? What if he or she wants to know what his or her father was? Was he a judge? — a bricklayer? — a lion tamer? What did he look like? And what about those two missing grandparents? How can these children ever feel close to any race if they can't be certain about who they are and what they are?

Is this why older, unwed, career mothers are getting so much acceptance and coverage from CBS stations? Unlike young girls who usually marry the responsible boys or who give their babies up for adoption to families who will love them, career mothers have no financial need to be dependent upon men. So encouraging unwed career women to become mothers late in life encourages the breakdown of the family and a breakdown of racial feeling since the child can never be absolutely sure of his or her heritage. It also, of course, encourages a matriarchal society.

Homosexuality, lesbianism and boy love have long been praised in the section of the world from Greece to Egypt called the Levant. I can't help feeling that this Levantine sickness is destroying our culture with the help of CBS and Lewis Thomas. And, as one man suggested to me, "they may not even know that they are doing it." Perhaps it is just their different way of seeing things which sadly destroys our children, our family structure and our culture.

Who Is A Racist
Editor, The Thunderbolt:

I get tired of hearing the minority groups and the media scream "racist" at any white person who stands up for white culture, and white political unity! It's true we are racist, so what, that's no big deal! The Jews, Mexicans and the Blacks, with all their political organizations, are not only racist themselves, but to put it bluntly they are anti-white racists!

After all I don't think the above three groups have ever helped to further the racial objectives of any except their own people!

Therefore, my point is this, everyone is a racist; the only difference is whose side you are on! We know the news media is not on our side, because they never call Jews, or black power groups racist!

It's a secret symbol of the U. and the K. It means you are buying kosher food when you pay. Look on your labels and see if it's there, but then you may ask why should we care?

The corporations feel that if Christians knew they would not purchase food blessed by a Jew Rabbi. Do something important — spread the word make sure every Christian has heard this truth. Very soon the corporation won't feel well. All we can say is — go tell it to the A.D.L.

Want Banker Silenced

Canadian Banker Says White People Uphold Civilization

The Montreal Gazette of Oct. 23 carried an interview which shocked liberals and those who believe in racial equality. Louis Jalabert, head of the National Bank of Paris — Montreal Branch spoke before a business forum. He stated:

"I believe in the future of Canada because it is a White country and I'm not talking about the snow. At the risk of passing, quite erroneously, as a racist, I believe it will soon be necessary for Whites to band together. By the year 2,000, the world's population could reach six billion among which there would be only 16% Whites. (Note 10% White is a closer estimation.) I would not be surprised if Canada became a haven for Americans fleeing problems in their homeland."

LOUIS JALABERT
Whites should 'band together

Jews Attack Free Press

Canadian Jewish Congress spokesman Frank Schlesinger continued the general attack Jews are making against democracy and individual freedom. He attacked the newspaper which carried Louis Jalabert's talk saying, *"To the best of my knowledge The Gazette was the only newspaper that printed Mr. Jalabert's remarks. We dislike the idea of giving publicity to an individual who should be ignored."*

Blacks Hit Free Speech

The Black Businessman's Assn. head, Errol Johnson just about went wild. He screamed: *"Jalabert slapped all blacks in the face. It was racist and provocative. I was shocked because we contribute to Canada's well being. How could he stoop so low?"*

Blacks' main contribution to Canada are drugs, crime and a drain on welfare funds. Every single word proclaimed by Mr. Jalabert is 100% truth and the White public knows this quite well.

CANADA ELECTS PATRIOT

Good News For White Patriots

The Thunderbolt receives letters from time to time saying things look so dark there is no hope. Perhaps we do present too much news on the dangers threatening the very existence of our civilization. But there is much good news coming in, proving White Patriots are making progress. We are growing and winning thousands of new converts. The following good newsmakers should cheer the hearts of our dear subscribers.

Canadian Patriot Elected Delegate

Ann Ladas, 27, former officer of the Patriotic Nationalist Party of Canada, has been elected a delegate to the forthcoming convention of the Progressive Conservative Party. The attractive Miss Ladas photo appeared in The Thunderbolt when she nearly won a seat on the Toronto board of education in Dec. '82.

Canadian Jewish Congress head Alan Rose said his group was "dismayed" at her election. He shouted "no racist or bigot should hold office." (Note: What about Jew bigots who claim the self-chosen Jew master race should hold dictatorial rule over all the peoples in the Middle East occupied territories!) Rose said: "The Progressive Conservative Party should see fit to reject her." This has not happened and Miss Ladas still holds her seat — CONGRATULATIONS!

(Note: Here is more proof the Jews do not believe in the democratic elective process unless they dominate it.)

Rightist Union Can Win

South African Whites Unite

South African Prime Minister P.W. Botha wants to grant legislative office to coloreds and Asians. The Whites, who make up the small minority which built their great civilization fear this will open the door to eventual black rule and the destruction of progress and law and order such as Rhodesia experienced.

In a recent election two right-wing parties which in the past were part of Botha's "National Party" have opposed his compromising. Dr. Andries Treurnicht, a former Cabinet Minister in the Botha government organized the new Conservative Party. Mr. Jaap Marais is the present head of the strong White Supremist National Heritage Party which holds close ties with the White miners union. On May 10 a by-election will be held for the seat held by Manpower Minister S. P. Botha (no relation to the prime minister.) S. P. Botha removed the rights of White miners in skilled jobs and actually wants integrated unions. America has seen such moves toward racial equality which would bring the same disaster.

Marais withdrew his candidate and endorsed the Conservative Party choice. Thus the White vote will not be divided as in the past allowing National party sell-outs to win. If the united right defeats Botha the government will be forced to hold new general elections.

A Police Officer Speaks: "Please Hear Our Side"

White Police Protest

Miami Sgt. Nelson Perry issued a statement to the press stating that police have to make "split-second decisions whether or not to pull the trigger." He says that some officers did not act in time and are now dead. They include the case of a black army deserter who shot and wounded officers Keith DiGenoya and Bob Edgerton and murdered William Cook. Other officers murdered in the line of duty recently include Harrison Crenshaw, Simmons Arrington, Frank D'Azevedo, Thoams Hodges, Jr., and Clark Curlette.

Perry asks if these men had shot those about to kill them they may well have been charged with "civil rights violations." They are dead so they are heroes and Officers Noenig and Alvarez stand condemned. Officers Lane and Broom were killed and there is no "60 Minutes CBS-TV" or FBI investigation into their deaths. It is said they were "inexperienced" in their duty!

Perry stated, *"Officers charged with violating minorities civil rights such as Koenig and Alvarez are "alienated and abandoned." They suffer isolation and are treated as criminals, relieved of duty and suddenly friendless. The reason is that police supervisors maintain their distance because to show "concern or friendship" can later be called a coverup. The officer stands alone, sometimes losing his home, family and suffers great financial hardship from which he may never recover. Is this the reward for placing one's life on the line for the security of the community? As a 20 year police veteran in Miami I encourage citizens to ride with local police as civilian observers and find out first hand what we encounter on a daily basis."*

Signed
Sgt. Nelson Perry
Metro-Dade Police Dept.

This message is well stated and good food for thought for law abiding citizens throughout America who want to support the police in their fight against violent crime. We want the FBI to stop their interference with those who are really placing their lives on the line every day and night.

Miami police officers arrest another rioter. Kid-glove treatment encourages mobs.

Ban on Homo Blood Donors

The National Hemophilia Foundation has asked that blood banks stop collecting plasma from homosexuals. They cited figures showing that 75% of cases involving the new incurable AIDS the new incurable AIDS disease are found in homosexmany blood transfusions. They have experienced an increase in deaths from AIDS contracted from such transfusions. Many homos sell blood to commercial collection centers. This increases the problem. The National Gay Task Force has objected to the ban saying it would "stigmatize" homos.

Light Punishment

Revolutionary Communist Party Rioters Freed

The Revolutionary Communist Party has a branch in Atlanta. Each May Day they riot and fight with the police. They create all the trouble and confusion they can dream up. Last year the RCP started a riot in the negro Bowen Homes housing project. They fought with police when ordered to leave. Each was given a $500 fine and one year in jail which was then soon changed to one year probation. Thus they are free to riot this May Day again. Can you imagine any White Christian so charged being given "probation?" Of course not. The RCP members are James R. Sabel, Webster B. Brooks, Robert Hill and Jeffrey A. Rooney.

Suppressed Jewish History

Jews Forced To Take Last Names In 19th Century

What's In A Jewish Name?

Names commonly associated with Jews today have absolutely nothing to do with the origin of the Jews. Then how did they acquire their names? The following information is "suppressed" and not taught in any American college or school and never discussed by the media. The reason is that organized Jewry has deemed this a "sensitive subject" which is better left unsaid. Thus we shall give you this very interesting story.

Only 800 Years Ago Jews Had No Last Names!

Dr. Steven Lowenstein of the Jewish "Leo Baeck Institute" says that Jews of Polish-Russian descent had no last names "less than eight generations ago." Some 85% of the world's Jewish population originated in Southern Russia and moved into Poland, Germany and Hungary in great numbers during the 15th through 18th centuries. They were mainly traders, merchants, money lenders, etc. Jews were involved in numerous legal cases. They were often sued for usury, non-performance of contracts, etc. **There was massive confusion in the courts of Europe. The Jews could not be sued because they had no last names!**

Most Jews had similar first names and would name their children after themselves! Thus a son of a Jew with the first name of Abraham might be given the first name of Jacob. Thus the son would be known as Jacob ben (son of) Abraham. If he had a daughter she might be named Esther bat (daughter of) Abraham. In other words they would have two first names! Later this was changed to Abrahamson. In Germany it was Abrahamsohn. In Eastern Europe it would be Arbam Abramovitch or Abramowicz and in Italy Abrami. Other first common names, Beilis (son of Bella), Moskowitz (son of Moses), Berkowitz (son of Samuel). Sometimes Jewish families would take the first name of their mother. Thus Sarah became Sirkes and Chana became Chaneles.

Governments Order Jews To Take Last Names

Dr. Lowenstein says that by the 19th century all European governments agreed that Jews would have to take last names and register them with the governments. The Emperor of Austria, in 1787, was the first to order Jews to take last names. In order to encourage voluntary compliance with the law, special rights were granted to the Jews. Those who refused were simply given last names picked at random by the government. Thus Jews had to make quick decisions as most did not want to be expelled or forbidden from operating businesses.

Jews Named After Cities

Many names which are automatically considered Jewish have absolutely nothing to do with Hebrew, Yiddish, Judaism, Israel or the Jewish race. Jews in Germany took last names after cities such as Bamberger (Bamberg), Wiener (Vienna), Broslau, Berliner, Shapiro and Frankfurter. Jews in Czechoslovakia took the names of local towns such as Horowitz, Pressburger, Kissinger and Lipnick. Other Jews in Poland and Russia assumed the names of cities like Warschauer, Wilner, and Reiger. Jews also took names of the nations where they lived such as Deutsch (German), Ungar (Hungarian) and Pollock (Poland).

Jewish Names By Occupation

Other Jews decided to take last names after their occupations. Thus we have such common "Jewish names" today as Schneider (the tailor), Metzger or Reznick (the butcher), Schachter (ritual slaughter of animals), Shuster (shoemaker), Kolwalsky (blacksmith), Handlesman or Kaufman (merchant), Schreiber (the scribe), Sherman (clothcutter), Goldschmidt (goldsmith), Weber (weaver), etc.

(NOTE: It must be remembered that many of these names were already in use by Gentiles of these countries and this definitely does not mean every person with these names is a Jew. Other common Christian German names the Jews appropriated were Mayer and Krauss and pure Polish names such as Kozlowski and Lewandowski and the pure Irish name of Cohan. Such common Scandinavian names as Jacobson, Davidson and Isaacson were adopted by Jews. In America Jew names changers prefer Brown, Smith and Morris. They usually take a common Jewish first name to at least give a hint of their Jewishness to fellow Jews. Thus they choose David Smith or Norman Brown or Jerry Morris, etc.)

Typical late 19th century Jewish family of Cracow (Poland). Believing themselves to be of the "chosen race," they dream of the day when they will "inherit the earth." More than three millions of these Polish-Russian Jews have immigrated to the U.S. Most American Jews are of eastern European origin.

Typical Jewish family of this period. They confused authorities by only having first names.

Jews Named After Precious Metals, Flowers, Etc.

It is amazing that Jews didn't actually use the name "money" but they came close. Precious metals are favorites: Gold, Silver and Diamond. Other names considered "stylish" at the time were Rose (rose), Blumen- (flower), Loewen- (lion), Stern- (star), -stein (stone), -berg (hill), -thal (valley), -baum (tree), -blatt (leaf), Falk (falcon), Adler (eagle), Hefland (elephant), Fisch (fish), Soloveichik (nightingale). Jews would combine these names: Applebaum (apple tree), Teitelbaum (date tree), Nussbaum (nut tree).

Other Jews would describe their personal traits such as: Gross (big), Lang (tall), Klein (small), Kurz (short), Krumbein (cripple), Rothbart (redbeard), Schwarz (black), Geller (blonde), Weiss (white), Barenbaum (pear tree), Rosenberg (rose mountain), Rosenfeld (a rose field), Rosenstein (rose stone), Blaustein (a blue stone), etc. Other popular Jewish names show a desire for status such as "King," "Crown," and "Royal."

Rabbi Paul Kerbel of Roanoke, Va., says that President Franklin D. Roosevelt was of Dutch ancestry and his real name was Rosenvelt. This meant "rose field" and was commonly used by Dutch Jews at the time. Note the article reproduced on the facing page from the "London Jewish Chronicle," Feb. 5, 1982. Here is one of the most prominent Jewish leaders of this century, Rabbi Stephen Wise, once Chairman of the World Jewish Congress. He says Mrs. Eleanor Roosevelt told him that Franklin D. Roosevelt had a Jewish grandmother named Esther Levy. According to Jewish law, in order to be a true Jew one must be descended from a Jewish mother.

Controversy Over Few Real Jewish Last Names

Lubbock, Texas Jew A. S. Robbins in the "Jewish Post & Opinion" Feb. 16, 1983, charges that many Jews "who are not descendants of the priestly caste" are changing their names to Cohen. He named Jews he personally knew such as Jollywitz, Nishnik and Lipitsky who changed their names to Cohen. This is a special name and the highest in the Jewish community!

Cohen means priest. It can be spelled many different ways, such as Kohn, Cohn, Kahana, Kahn, Kagan, Kaganovitch, Cowen and Kohain. The second most important name is Levy or The Levite (an assistant to the priest). Other spellings include Levi, Levin, Levitt, Levinson, Loewy, Levis, Lewen and Levine. Segal is another important name because it means the "assistant to the Levite."

Names to Jews are very important because they can be changed ever so slightly and mislead the innocent "Goy" — Gentile!! European Christian names designate nationality. Since the Jews of Europe had no nation of their own this very elaborate system of choosing last names was adopted in order to help other Jews recognize each other. Today, in America, they have proceeded much further in adopting American White European names therefore further complicating their identification.

Jews built their own walled ghettos to maintain a separate nation within a nation. Here is the gate of the ancient Carpentras ghetto in France.

Whites Kept In Prison Longer — Blacks Released Earlier

Stringtown, Okla. is a main state prison. We received a letter signed by White inmates about a serious problem which may exist in your state.

Negroes are a small minority in Oklahoma but commit 75% of all crimes. Four blacks for every White go to prison. STILL THE STATE prison maintains a 50% BLACK POPULATION!!! Why? How is this possible?

Prison officials are afraid of the blacks. They believe by keeping an equal balance in the prison population riots and disorder will be kept to a minimum. Thus the prison administration and parole board release 75% more blacks on parole than they do Whites. This means the Whites must serve longer sentences and the blacks shorter sentences just so "racial balance" can be maintained.

Special treatment is accorded blacks who violate prison rules. In Stringtown a black prisoner threatened to kill four guards. He was locked in solitary. Then the leader of the Black Muslims talked with the Asst. Warden and the Negro was released after only 12 hours in the "hole." All charges against him were dropped. Whites would suffer a much more serious punishment and lose days off their "good time" for a similar offense.

This is a problem we have heard rumors about. We would like to hear from other White prison inmates if such prejudicial conditions exist in their state. Action needs to be taken by Oklahoma subscribers. Write your state Senators and House members to investigate these charges. The names of those providing this information can be provided any official willing to launch an investigation.

Last Interview Bared Stoner's Basic Racial Philosophy

(Below is J. B. Stoner's last press interview of Jan. 18, 1983. He disappeared Jan. 22 and the press has reported his being as far away as White South Africa.)

J. B. Stoner's Last Press Interview

J. B. Stoner resigned as National Chairman of the National States Rights Party on Jan. 21, 1983. J. B. Stoner was politically active all of his life and this includes his last press interview with "The Courier Herald" of Dublin, Ga. on Jan. 17.

This was J. B. Stoner's last public talk and is reproduced here for historical reasons because it outlines his basic political beliefs. Mr. Stoner had rallied White people against communists and blacks who had besieged Wrightsville, Ga. Today the Reds seek to sue White leaders after such confrontations as a means of harassment. Thus the local White Sheriff, Roland Attaway, and other city officials were sued for $21 million for "violating the civil rights of the blacks and communists."

The Reds' lawyers thought by subpoenaing J. B. Stoner to testify, his White Supremacy beliefs would hurt Sheriff Attaway. Their strategy boomeranged and the all-White jury found Attaway and all the other White defendants innocent of any civil rights violations. Thus the case came to a victorious end. Interesting enough is that after all the many legal battles J. B. Stoner went through, he was able to help his fellow Whites win in the last legal case to which he was a participant.

We say may God bless J. B. Stoner and protect him in the future because he spent a lifetime standing up for the rights of the White majority.

By CHARLOTTE WILKES

J.B. Stoner, white racist, was back in the city he once called home yesterday,

Stoner, during his years in Dublin said that he liked the city and that he had lots of friends here at that time.

"I liked it all right when I lived in Dublin. I had lots of friends. There are a lot of good white people in Laurens County, but I often went to Atlanta and Savannah Beach for the weekends," he said.

Stoner, proud of his efforts to speak on behalf of the white race of Wrightsville in April, 1980, said that everything was peaceful there — except the people associated with the Southern Christian Leadership Conference (SCLC).

"They (the blacks) are the ones that should be sued, not Attaway," Stoner said.

Stoner said he went to Wrightsville to speak up for the rights of white people because he heard the Southern Christian Leadership Conference and the communists were going to be there. He said he also went as a candidate for the U.S. Senate.

Keenan asked if he was there in support of Attaway and Stoner replied, "I didn't think he needed support ... he and his deputies could handle the situation. I spoke in behalf of white people."

Stoner said he did not have a permit to speak.

He admitted to saying "God doesn't hear voodoo prayers" while SCLC President Dr. Joseph Lowery was leading a prayer during the blacks' demonstration, and he added, "He (God) only hears Christians."

When I was growing up in Georgia everybody believed in white supremacy and most people believe in it now. They just don't voice it," he said.

Stoner accused the government of "race-mixing" and said their goal is to remold minds like moulding clay, but said they would never reform his mind.

"I don't see any reason for me to change. Race-mixing destroys law and order and education and America will soon die if this race-mixing continues. It's in a rapid state of decline now and I'm trying to change that," Stoner said.

Stoner believes that the United States should have a complete separation of the races.

"The races should be separated like Abraham Lincoln advocated

"I have a friend from Japan and he thinks it's terrible the way we don't have a white America. Most Asian countries practice racism just to protect the culture.

Our forefathers, Stoner said, made a bad mistake when they brought blacks over on slave ships. He accused Jews of transporting most of the blacks over on their own ships "just to made a profit."

Stoner who has raised his voice in protest against black people most of his adult life said the black race is inferior to most other races.

"All you have to do is go back in their history to see that they've made no advancement. Their brains are small and they lack gray matter," he said.

After completion of his testimony late Monday afternoon, Stoner said his anger is aimed at the SCLC which he said works openly with the communist organization.

"When (black state Rep. Hosea) Williams and his party was having a march from Savannah to Reidsville, he had all kinds of communists in his march," Stoner said.

After giving his testimony in the Johnson County trial, Stoner departed the city he once called home as darkness approached late Monday afternoon.

East Ohio Youth Organizing NSRP

By PATRIC DOLAN
The Intelligencer Staff

Harry V. Bertram Jr. of Tiltonsville looks like a boy scout in his crisp, clean uniform complete with thunderbolt insignia. But if looks are deceiving, Bertram fits the bill.

In actuality, Bertram, 23, is a self-described racist who has been active throughout the Ohio Valley in the last year attempting to form a local chapter of the National States Rights Party, "a white racist political order that stands for the rights of white people."

His activities have drawn the ire of Jewish and black leaders in Ohio and West Virginia opposing his plans to form such a group, but they are unable as yet to stop him because he has done nothing illegal.

"I'm a racist, but I'd rather be described as a white nationalist," Bertram said. "A white nationalist is someone who loves their white race and does something to preserve it."

Bertram said the NSRP local chapter, based at his home in Tiltonsville, was officially formed about 6 months ago. Most of its members are from the Martins Ferry-Wheeling area, he said, "but I'm not allowed to reveal any numbers because it keeps our enemies guessing and off balance."

He has been actively distributing leaflets around the Ohio Valley asking for potential members if they are "loyal white people." The leaflets have been sent through the U.S. Mail and placed on cars throughout several communities and shopping malls.

The "white rights party" is headquartered in Marietta, Ga. It's platform reads: "expulsion of all communists, abolition of the United Nations, outlawing interracial marriage, only white immigration, racial separation and for giving all Africans in America a rich country of their own in Africa."

In 1981, Bertram ran for Tiltonsville Village Council and came in fourth out of a field of five. He said he garnered 125 votes or 10 percent of all those who voted. Bertram also submitted petitions to run for Tiltonsville mayor in this year's election, but said he decided to pull out because he didn't have time to campaign.

In 1984, he said, "it will be something big that I run for, like state representative."

Jews must be stripped of any political power, Bertram contends, because the Jewish community supports the overthrow of the American government in favor of communism.

"I'm just like a sergeant in the Army. I only know what I need to know," he added of the racist doctrine handed down by NSRP national headquarters in its monthly publication The Thunderbolt.

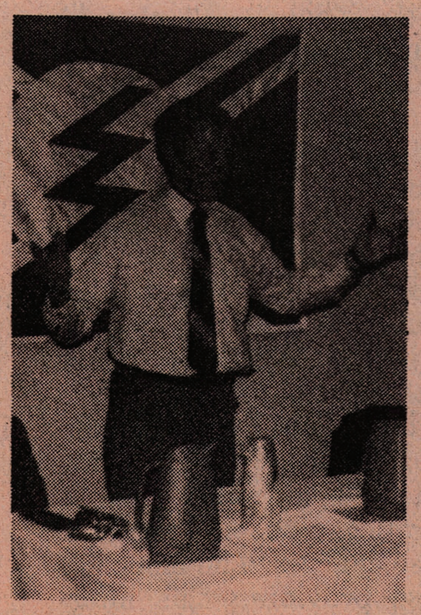
Harry V. Bertam Jr. of Tiltonsville, a self-described racist, has formed a local chapter of the National States Rights Party.

Atlanta Area NSRP Meeting Packed Hall

Dr. Fields Addresses Atlanta Meeting

The weather was terrible. Thunderstorms and 50-mile-an-hour winds greeted us at the hotel. But an enthusiastic crowd packed the meeting hall near the Atlanta airport. The standing room only crowd cheered the speakers on.

Dr. E.R. Fields talked about the fact that we have the truth and it is just a matter of reaching the people and involving them in this work. Time is running short for America with the exploding black and colored birthrate and colored immigration. It is vital that Patriots bring their friends to meetings and encourage them to join the NSRP or subscribe to The Thunderbolt. Dr. Fields said that unless the White people take back control of our nation from the growing minorities we will eventually have to pack our bags and move back to the lands of our ancestors.



Dr. Fields addresses Atlanta area meeting.
